

DEVELOPED FOR AVIATION AND INDUSTRY APPLICATIONS

The Vertical Filter Housing (VFH) assembly provides two element options to meet the requirements in the aviation fuel filtration industry: Coalescer/Separator and Microfilter (Pre-filter). Coalescer/Separator Element The coalescer/separator system consists of two elements to generate a two stage separation process. A coalescer/ separator element is to be used to remove free water and fine solids, like rust, dirt and other contaminants from aviation fuels. The system is qualified to specification EI 1581 7th Edition. Microfilter A single stage element to remove fine solids down to one micron from aviation fuels. When contaminated fuel enters the vessel, fine solids are removed, providing clean fuel to engines or equipment. The microfilter is qualified to specification EI 1590 3rd Edition. Micron rating available: 1 & 5 µm.

APPLICATION AREA

- For use with JET Fuel, AVGAS and MoGas

TECHNICAL DATA

- Design pressure (housing): 10 bar (150 psi)
- Flow rates: Up to 177 lpm (46 USgpm)

STANDARD DESIGN

- Material: Die-casting aluminum head, steel filter bowl
- Components: Powder coated components
- Cover seal: NBR (Buna-N)
- In-/Outlet port: G 1 1/2"
- Locking ring collar
- Manual vent valve
- Manual drain valve

RECOMMENDED ACCESSORIES

- Differential pressure gauge (with scale)
- Mounting bracket

RECOMMENDED ACCESSORIES

- Differential pressure gauge (with scale)
- Mounting bracket

ORDER REFERENCE

Assembly	Item No.
VFH-1-355 (14")	3013853

Micron Rating	Filter Element		Change Out Differential Pressure	Flow Rates	
	Coalescer/Separator	Microfilter			
(µm)	Type	Category	Type	bar (psi)	lpm USgpm
1	CS6-355-1	C, Type S		1,0 bar (15 psi)	110 29
1	CS6-355-1	C, Type S-LW		1,0 bar (15 psi)	136 35
1	MCS6-355-1	M, Type S		1,0 bar (15 psi)	90 23
1			EIMF6.01C1-355-1	1,5 bar (22 psi)	177 46
5			EIMF6.01C1-355-5	1,5 bar (22 psi)	177 46

Please note: For Non-EI, AVGAS and MoGas applications, please contact our Customer Sales Support.

DIMENSIONS

Vertical Filter Housing (VFH) VFH-SERIES

No.	Item No.	Description
1	3013070	M12 Hand Knob M12
2	3006296	M12 Hexagon Bolt
3	3013347	Washer DIN522
4	9166828	Safety Plate Din93
5	3007785	Lock Washer
6	2004563	M12 Hexagon Nut (Teflon®)

7*	3013459	dP Gauge 444-15 MID-W
	Options on request	dP Gauge (EI compliant)
8	3013142	Mini-Ball Valve G1/8" SS
